

## ***We're On a Roll!***

### **Awards Continue for Greenlink**

The awards continue to roll in for Greenlink. At the 2012 Annual Training Event and Exhibition for the Transportation Association of South Carolina held March 16-21 in Myrtle Beach, Greenlink received four major awards, including being named as the state's top transportation provider by the South Carolina Department of Transportation with the Public Transit Provider of the Year award! In addition, Greenlink received the Most Improved Transit Provider Award (for the third time in five years!). On an individual level, Teresa Duck was honored as the Outstanding Para-Transit Driver for Large Urban and Shelia Schmitt was awarded the Transit Director's Award.

Greenlink staff accept Public Transit Provider of the Year

We are very proud of these individuals and their accomplishments along with all the Greenlink employees who are working hard every day to make Greenlink an exceptional public transportation provider. We're also thankful that others are noticing the significant steps forward we're taking. Clearly, Greenlink is on a roll.
